Civil Discourse

December 1, 2017

Greetings:

It is with great honor that I invite you to be a distinguished guest for the ***Course Correction Conversation: Civil Discourse*** that is being hosted by Urban Specialists on January 15, 2018. Urban Specialists is a nonprofit organization that has served all over the world in the areas of youth and families with a mission to transform Urban Culture, stop irrational violence and eradicate generational poverty.

As we commemorate the 50th anniversary of the death of Dr. Martin Luther King Jr., this event will also serve as a springboard towards healing for the wounds that have been inflicted at the hands of divisiveness and by way of senseless violence. It is our aim to facilitate a conversation across lines that restores civility and speaks to the basic humanity that exists inside of us all.

Course Correction Conversation: Civil Discourse will feature an on-stage dialogue between the widows of Baton Rouge slain law enforcement officers and the families of Alton Sterling and Trayvon Martin. This moderated “civil discourse” will provide a unique opportunity for these victims, leaders and citizens to hear different perspectives, as well as ideas to unify our country in the midst of persistent turmoil and strife. This conversation would not be the same without you and I do hope that you will accept this invitation to engage in what we believe will be a moment in time that helps to shift current the state of our world. No matter our side of experience, pain from the loss of life feels the same. We must heal the divides to begin working towards a solution.

Sincerely,

Omar Jahwar
